

# I Can't Wait

## My Morning Jacket

Livin' in these continental  
United States I fall  
In with the sentimental  
Lovers who want it all  
They make all faces pretty  
They take every stride tall  
But I just want to get back to my city  
In no time I'll have them all But I can't wait  
Ooh I can't wait  
I can't wait anymore  
I can't wait  
Ooh I can't wait  
I can't wait anymore Movements that make me shiver  
Knowin' that there's no cause  
Wonderin' if I'll deliver  
To someone who's had it all  
Hopin' that there's a way  
To get back if I should stray Oh I can't wait  
I can't wait  
I can't wait anymore  
Ooh I can't wait  
Ooh I can't wait  
I can't wait anymore
