

Get Lost

[Paul Damixie](#)

Why the long face?
Baby, bad days don't last long.
Let's leave this place,
hide away, come along!
Just let the city lights
be a second sunrise,
We can do it!
Boy we can own the night
No need for stopping signs,
Don't deny it!
Let me get lost,
Lose it like I'm Jimmy Dean!
Let me get lost,
Never find my sanity!
Let me get lost,
Seize this opportunity!
Let me get lost,
Lose yourself in finding me! Why the long face?
Baby, bad days don't last long.
Let's leave this place,
hide away, come along!
Just let the city lights
be a second sunrise,
We can do it!
Boy we can own the night
No need for stopping signs,
Don't deny it!
Let me get lost,
Lose it like I'm Jimmy Dean!
Let me get lost,
Never find my sanity!
Let me get lost,
Seize this opportunity!
Let me get lost,
Lose yourself in finding me! Let me get lost (repeat)
