*Australia and UK iTunes Store Bonus Track*It's The CataracsYo, it's that dancefloor - 808

She hit me like a 808
Have you all night, vodka straight
Bottles up, you and me
Me and you, on a trip
All night flight, girl let's dip
Lickin' my lips I'm in the zone
And I can't really say what I'm sippin' on
You taste good to me
Girls like you make history
Sure does sound like a hit to me
Now che-e-e-ck out this beatNow, you got it
You got it goin' on, goin' on
And on and on and on and on
Boy you get me high
Won't you take me for a ride
Tell me where you wanna go
Tell me where you wanna go
I'm your Bonnie, you're my Clyde
I'll be your "Ride or Die"
Tell me where you wanna go
Tell me where you wanna goT-t-t-to the top of the world
Your daddy must have been a drug dealer
Why? - Cause you dope
You the Bonnie to my Clyde, Juliet and Romeo
Your daddy must have been a drug dealer
Why? - I don't know, I'm just saying anything
To get me up inside your throat
Is it workin'? I'm just playin'
Man this bottle got me sayin' things
I don't ever wanna lose, lose ya right nowNow, you got it
You got it goin' on, goin' on
And on and on and on and on
Boy you get me high
Won't you take me for a ride
Tell me where you wanna go
Tell me where you wanna go
I'm your Bonnie, you're my Clyde
I'll be your "Ride or Die"

Tell me where you wanna go
Tell me where you wanna goT-t-t-to the top of the worldTell me where you wanna go(Where, you wanna,
where you wanna go?)T-t-t-to the top of the worldIt's The Cataracs
