Paradise

Christopher Williams

aaahhhh
oo
Last night umm
I fell in love....With a stranger
Two hearts joined as one
Like a bird flying
I've never been so high

Hook
I'm in paradise(every time you kiss me)
Paradise (every time we touch)
And it feel so right ...yes it does(you unlocked the mystery)
To be in love....

Two hearts(two hearts) oh yeah
Two hearts beating as one(beating beating just like one)
Two ships crossing hey yeah
In the sea of love...
Oh girl for the first time(first time)(beating for the first time)
My heart beats faster faster
Now I know
Love really matters

Hook
(Paradise every time you kiss me)
I'm in paradise (every time we touch)
And it feel so right... yes it does(you unlocked the mystery)
To be in love....

Bridge

Every since that night in bed,
I get this feeling straight to my head
la la,,,, la la la la la la
You touch my very soul

Young lovers ....oh yeah
That's what we are are are

Searching (searching)touching(touching)
Like we've never ever touched before

For the first time
My heart beats faster faster
Now I know love really matters

Hook
(Paradise every time you kiss me)
I'm in paradise (everytime we touch)
And it feel so right (you unlocked the mystery)
To be in love...

I'm in i'm in (paradise every time you kiss me)
Kiss me baby (feel so right every time we touch)
Every time you touch me yeah (paradise you unlocked the mystery)
You make me feel so right (feel so right yeah)
Yeah Yeah
