I Want (Unplugged)

JFA

And the works arise
from dead spiders
as the world wonder why
the bright get brighter
but that's only one way
to look at it
the happy get happy
the sad sadderGo ahead and look away
there's only one one view on things
and that's mine
so go ahead and look away
it's the only answer
only one that I could find
SO things look different
and they're the same
individual worlds
so who's to blame
and you're not reading this
they way I wrote it
so knock if youdon't
and I want
