Didn't Stand A Chance

Travis Garland

You?ve been hiding it all for so long
They can?t see there?s a war goin on
Because what you think of me conflicts what you feel for me
Baby, it?s hard, I know
I?ve been trying to stay on the low
Just to let you figure it out on your own
Your feelings are clear but all your friends in your ear keep saying
That I?m no good, for you
You?re so perfect to me
Nothing?s changed, the way I feel at all
If I stay down, you?ll come around
Eventually
Used to say,
It was only a matter of time
For your heart matters more than your mind
You try to fight it, I don?t know why
You didn?t stand a chance
I?m convinced
From the moment I tasted your lips
All I needed was just one kiss
You try to fight it,
I knew right then,
You didn?t stand a chance at all
Showed you all of the cards in my hand
So you'd know exactly where I stand
And you?re like a glass right at the edge of the table

Just waiting to fall fall fall
Girl, you?re perfect to me
Nothing?s changed the way I feel at all
If I stay down, you?ll come around
Eventually
Used to say
It was only a matter of time
For your heart matters more than your mind
You try to fight it, I don?t know why
You didn?t stand a chance
I?m convinced
From the moment I tasted your lips

All I needed was just one kiss
And you try to fight it, I knew right then
You didn?t stand a chance at all
Used to say
It was only a matter of time
For your heart matters more than your mind
You try to fight it, I don?t know why
You didn?t stand a chance
I?m convinced
From the moment I tasted your lips
All I needed was just one kiss
You try to fight it, I don?t know why
I didn?t stand a chance at all
