My Baby

Lil Bow Wow

You're my, you're my
You're my baby, baby, baby, baby, baby
You're my baby, baby, baby, baby, baby
Yeah, yeah, oh, ohIt was the summer 2001, all before the drama begun
When we first met, I seen you sittin' out on your steps
You was broke down cryin' a mess
So I interfered, I asked what's the reason for tears?I was wishin' you could tell me your fears
But I had to start with ya name
You told me how ya man playin' games
So I said that it was time for a change and you just laughedBut it looked like you ain't laughed in a while
I was glad I could give you a smile
Then we both blushed but really girl, it ain't no rush
I was thinkin' that maybe we can discuss a future for us'Cuz homeboy just got you crushed
You need to leave that clown in the dust
Trust I just wanna talk, I'm thinkin' I can give you a call
And we can pick it up where we left off, I'll holla tomorrowGirl, I understand you loyal to ya man and that's alright oh, baby
But that don't change the fact, that you fight
And you stay cryin' every night, oh baby
Girl you got to let him know, you can't live like this no more
Oh, baby, can't you see
Together you and me could be so special, baby?Our feelings get greater a million days later
Talkin' all night, "Please stay up" but here comes ya ex
Returned with that drama and stress
All the nonsense that you just left but yetYou accept and go back to try it again
Then return with a broken heart that I gotta mend
That's unfair, I've only been your lover and friend
And homey there he just front and pretendBut you don't care the life he leads is unsafe
I would never place my hands to your face
But still I chase, cat and mouse
First you kick him out then you at his house
What is that about? I cant figure you outEven your friend said I was better
But you listen to them never like "Uh, uh whatever"
So the next time he hurt you again
You already knew where you should've been and that's with meGirl, I understand you loyal to ya man and that's alright, oh, baby
But that don't change the fact, that you fight
And you stay cryin' every night, oh, baby
Girl, you got to let him know, you can't live like this no more

Oh, baby, can't you see
Together you and me could be so special, baby?All the times you two way me, tellin' me that you miss me
Wantin' me to come over and keep you busy, remember that?
Now that you gone, it's been kinda hard
Can't think, can't sleep, can't do nothing at all
Just tell me why you had to go back?
See you ain't have to go through that, my babyYou could've been here right by my side
Me and you at the park takin' walks outside
But Instead, I keep on havin' these dreams
Waitin' for my phone to ring, my baby
Wishin' that it would be you
But I know that, that won't come true, my babyGirl, I understand you loyal to ya man and that's alright oh, baby
But that don't change the fact, that you fight
And you stay cryin' every night, oh baby
Girl, you got to let him know, you can't live like this no more
Oh, baby, can't you see
Together you and me could be so special, baby?Girl, I understand you loyal to ya man and that's alright oh, baby
But that don't change the fact, that you fight
And you stay cryin' every night, oh baby
Girl, you got to let him know, you can't live like this no more
Oh, baby, can't you see
Together you and me could be so special, baby?
