I probably shouldn't have had that last drink
I probably shouldn't have said all the things that I said to you
I probably shouldn't have got so loud
That's probably why you ain't calling be back right now
But I probably shouldn't focus on all the probablys 'causeAll that shoulda, woulda, coulda don't mean nothin', no
And I know I was trippin' when I should have been lovin' you
'Cause if that shoulda, woulda, coulda did mean somethin'
Then I wouldn't be
Then I wouldn't be missing what could've beenYeah, (If only I) If only I treated you way better, and
(If only I) I didn't think you would keep putting with me forever
(If only I) Realized how much you were worth 'til it was too late
(And if only I) Really understood how I shouldn't focus so much on the if, and's, 'cause
All that shoulda, woulda, coulda don't mean nothin', nothin', nothin', yeah
And I know I was trippin' when I should have been lovin' you
(Oh, if that) if that shoulda, woulda, coulda did mean somethin'
(I wouldn't be) then I wouldn't be missing what could've been(Maybe we) Just need a little space before we might get back together
(Well, maybe you) You just had about enough and you're over it
(Well, maybe this) Yeah, this might be the end for us
If I woulda kept you close and really did my best instead of doing the most
You might've never left, but ohAll that shoulda, woulda, coulda don't mean nothin'
(Yeah, I know I was trippin')
And I know I was trippin' when I should have been lovin' (you) you
If that shoulda, woulda, coulda (if it mean somethin') did mean somethin'
Then I wouldn't be missing what could've been
Yeah, yeah, yeah, yeah, yeah, yeah
All that shoulda, woulda, coulda don't mean nothin'
(And I know)
And I know I was trippin' when I should have been lovin' (I was) you
If that shoulda, woulda, coulda did mean somethin'
(Somethin', then I wouldn't be)
Then I wouldn't be missing what could've been
