

# One Love

## Marianas Trench

[Verse 1]

I wake up tonight feeling paper thin and paper white  
You say just come back to bed  
Voice sounds strange, but I soon forget  
And your sad blue eyes like mine  
Full of pity now but I don't know why  
The light dims without regret  
Still now your nothing more than a silhouette  
But just hold quick you're fading right  
In a cold trick of the light  
I'm just so sick, I thought you'd might be here  
But you di-disappear[Pre-Chorus]  
Now I wake up and I forget that you were gone  
Phantom limb is all that I am hanging on  
Don't stop, no stopping yet  
What if one true love's the only one that you get?  
And you've been wishing but you dont know how to stay  
And I've broken but I'm better everyday  
Don't stop, no stopping yet  
What if one true love's the only one that you get?[Chorus]  
One love, one love, one love you get  
One love, one love, one love you get  
One love, one love, one love you get  
One love, one love, one love you get[Verse 2]  
Lost and gone so fast  
You get me every time  
But I live with that  
I might do this to myself  
Only made it worse but I just can't help  
You know I get so attached  
Listen everyday till the dark is back  
Now I pine for phantom pain  
Its the only time I see your face  
So just hold quick you're fading right  
In a cold trick of the light  
I'm just so sick, I thought you'd might be here  
But you di-disappear[Pre-Chorus]  
Now I wake up and I forget that you were gone  
Phantom limb is all that I am hanging on

Don't stop, no stopping yet  
What if one true love's the only one that you get?  
And you've been wishing but you don't know how to stay  
And I've been broken but I get better everyday  
Don't stop, no stopping yet  
What if one true love's the only one that you get?[Chorus]  
One love, one love, one love you get  
One love, one love, one love you get  
One love, one love, one love you get  
One love, one love, one love you get[Breakdown]  
What if you still feel me too still?  
What if that was still a way of taking care of this?  
What if I wake up tonight and you are real?  
What if we could find a way to try to heal?  
What if there's no stopping us yet?  
What if the one true love's the only one that you get?  
What if there was a reason not to go?  
What if there was still a little bit of hope?Don't stop, no stopping it yet  
What if one true love's the only one that you get?[Chorus]  
One love, one love you get  
One love, one love you get  
One love, one love you get  
One love, one love you get  
One love, one love you get  
One love, one love you get  
One love, one love you get  
One love, one love you get
