

True Love Stalker

Miss Li

I've missed it all,
I couldn't stop,
You say we're fucked,
And now your gone,
Yeah I'm alone,

I'm gunna hang outside your door,
Keep begging for a little more,
I'm going to show you its you I adore,
Totally sure, that I am the true love of yours,

This other girl,
That's in your world,
She's beautiful,
But I don't care,
If she is there,
Everywhere,
You see...

I'm gunna hang outside your door,
Keep begging for a little more,
I'm going to show you its you I adore,
Totally sure, that I am the true love of yours,

I'm gunna hang outside your door,
Keep begging for some more,
Because boy I'm quite sure,
That I am the true love of, yours,

Yours, I adore you,
Ohh I adore you,
And I'm totally sure,
I adore you,
And I am the true love of yours.
