

# Battle Cry

## Skillet

You're on the edge of giving up  
You know I feel it too  
You won't be long because I'm with you  
Bring the fire, bring the smoke, bring the rain  
We will bend but we will never break If we believe we can't lose  
Even mountains will move  
It's my faith, it's my life  
This is our battle cry  
They can't take us down  
If we stand our ground  
If we live, if we die  
We will shout out  
our battle cry Can you hear it  
Can you feel it It seems like no one knows  
How you've been feeling  
You're hiding all your hopes  
You stopped believing  
It's not over, we're one step away  
We will bend but we will never break I believe we can't loose  
Even mountains will move  
It's my faith, it's my life  
This is our battle cry  
They can't take us down  
If we stand our ground  
If we live, if we die  
We will shout out our battle cry Can you hear it  
Can you feel it Let it rise like a prayer in the night  
Shout for love, shout for hope  
Let them hear us I believe we can't lose  
Even mountains will move  
It's our faith, it's our life  
This is our battle cry  
They can't take us down  
If we stand our ground  
If we live, if we die  
We will shout out our battle cry Can you hear, can you hear  
Can you feel, can you feel?  
Can you hear it?  
I can feel it

Can you feel it?
