

So Bad

Toots & The Maytals

ay ay ay ay
They say you don't love me
But I know, yeah
I know you really love me But you don't love me like I love you
You don't need me like I need you
So bad
I need you so bad The way you treat me, you control me
The way you love me, Lord you make me cry
You make me cry I've tried my best to keep you all the way flew(??)
But if you're still feeling blue baby, come on me
I'll come to you
