

Shut Us Down

Camper Van Beethoven

I've got a 'lectric guitar and half a bottle of warm beer

I've got some funny ideas about what sounds good

What sounds good

Better shut us down

Better shut us down

I've got a dollar (fifty) (fifteen) and nothing better to do

I've got a half tank of gas and nowhere to go

Better shut us down

Better shut us down

Better shut us down.
