Chikicha

Banda BrasileÃ±a De Carnaval

If you saw my baby by the flow of candlelight
You would see why I need to be with her every night
Nothing's like the sweetness that I've tasted on her lips
Nothing drives me crazy like the motion of her hipsThe way she moves, like fire dancing
I feel her burn, we toss and turn
A chiki, chiki, cha, on and on
Ella es candela, she's got me burnin'
Chiki, chiki, cha, chiki, cha, cha, cha
The rhythm of our bodies, oh, we just can't stopElla es candela, she gives me fever
And in the morning I don't want to leave her
Chiki, chiki, cha, chiki, cha, cha
The rhythm of our bodies, oh, we just can't stopShe gives all her passion every time we're alone
And until the light of dawn we make music of our own
All my secret fantasies, she already knows
I don't have to say a word that's just how she flows
