

# "cha!" Said The Kitty

## Local H

Sucking like a crack hack  
Feeling like an eight-track  
Out of whackAll the times a clucking no  
A suck it and a suck itI don't want to live with that  
And you don't want to take it back  
And I don't want to be a rat  
And you don't want a kitty catReaching for the phone ring  
Settle for the chump change  
Settle downMake it like a godsend  
Feeling like a has-been  
Remember whenAll the times a clucking no  
A suck it and a suck it  
All the times a clucking no  
A suck it and a suck itI don't want to live with that  
And you don't want to take it back  
And I don't want to be a rat  
And you don't want a kitty cat
