Simple Love

Liz Longley

Why do you love me so
Doesn't quite make sense you know
I am so flawed, so scarred
You're so damn uncomplicated
Sometimes its frustrating
What did i do to deserve you in my armsYou give me Simple Love
Uncomplicated, Simple Love
Unconditional, Easy Love
The kind of love that will always see us through
I'm simply in love with youIts a crazy world out there
Sometimes its too much to bear
Thought i'd have to face it on my own
But the angels sent you down to me
And you made sense of everything
Gave me your heart as a homeAnd you give me Simple Love
Uncomplicated, Simple Love
Unconditional, Easy Love
The kind of love that will always see us through
I'm simply in love with you
