

# No Love Lost

## Syke'n'Sugarstarr Presents Cece Rogers

Yea  
No love  
No love lost  
Fill your cup with this empty feeling (No love lost)

Practicing the art of deceiving  
You know I've watched you both hypnotize  
Silence your lips  
There's no sound for your anguished cry

Lost love haunts lives  
That are tangled up inside  
It's such a lonely way you know (no love lost)  
Troubled muse of a broken ceiling (no love lost)

Tender-hearted lover still believing  
You know I've watched you both mesmerized  
To bear the fruit of deceit  
So ruddy and sweet to eat, yea

Lost love will haunt lives  
That are tangled up inside  
It's such a lonely way you know  
Like a frightened antelope

Running from a killer's eye  
So graceful, so agile  
Yet, she falls [falls]  
No love lost

The declaration is quite amusing, [Oh yea]  
No love lost, [Yea]  
The frustration is not your choosing, [Yea]  
Nothing so pure in life

As love's young dreams  
So don't cut away  
What was once your dream  
Your dream (oh yea)  
(No love lost, no love lost)

No yea must you go this time  
(No love lost, in love, no love lost, no love lost  
No love lost, in love, no love lost, no love lost  
No love lost, in love, no love lost, no love lost)

Don't you  
(No love lost, no love lost, no love lost again and  
again and again, no love lost, no love lost, no love  
lost).
