

# Hypnotized (G-Ko Remix)

**Oliver Koletzki**

I catch your eyes  
Try not to smile  
I check your style  
I feel your vibes  
We have a drink  
Then go outside  
Talk for a while  
And then we kiss  
And then we kiss  
And then we kiss  
We play the game  
We start to move  
I feel my heart  
You feel the beat  
I take your hand  
You turn around slow  
We start to feel  
It's time to go Bright, morning will hit the sky  
And it's no surprise, I wake up with you  
Right, I shouldn't compromise  
I don't have to think twice, what to do  
You got me hypnotized  
You got me hypnotized  
You got me hypnotized  
So you know what to do  
So you know what to do  
So we slide into the night  
Into the wild open flow  
All starry-eyed, you see me glow  
So will I hide or will I show  
You watch me dance, I feel you move  
You pull me near, nothing to fear  
We drift inside, the dream was sight  
Until we slide into the light  
Bright, morning will hit the sky  
And it's no surprise, I wake up with you  
Right, I shouldn't compromise  
I don't have to think twice, what to do  
You got me hypnotized  
You got me hypnotized  
So you know what to do

So you know what to do
