Wide Open Eye (feat. Ksd)

Marina P

I donâ€™t want to sleep I donâ€™t wanna close my eyes too many bad dreams come in the twilight I donâ€™t want to donâ€™t wanna close my eyes too many vision come in the dusk I donâ€™t want to sleep I donâ€™t wanna close my too many bad dreams come in the twilight I donâ€™t want to sleep I donâ€™t wanna close my eyes. Give me the sound need the noise donâ€™t make me do the bad choice, give me the crowd i need the warmth to keep the tone up. Iâ€™m not going to sham, did you hear me right ? Mrs Stoner comes with her dope style. More speeches, more flows too many things to know, more speeches, more flows, too many places to go. From a beat to another I want to get into trouble show me your taste, show me your smile I want to sweat, you dropping your freestyle. From a beat to another I want to get into trouble. Want to get high donâ€™t make me cry feel so alive with my wide open eye. Want to get high donâ€™t make me cry feel so alive with my wide open. I donâ€™t want to be alone no silence around too many illusions when the sun comes down I donâ€™t want to be alone no silence around too many visions when the sun comes down I donâ€™t want to be alone no silence around too many duppies when the sun comes down I donâ€™t want to be alone no silence around I feel like they know what Iâ€™m thinking about. Give me the sound I need the noise donâ€™t make me do the bad choice, give me the crowd i need the warmth to keep the tone up. Iâ€™m not going to sham, did you hear me right ? Mrs Stoner comes with her dope style. More speeches, more flows too many things to know, more speeches, more flows, too many places to go. From a beat to another I want to get into trouble show me your taste, show me your smile I want to sweat, you dropping your freestyle. From a beat to another I want to get into trouble. Want to get high donâ€™t make me cry feel so alive with my wide open eye. Want to get high donâ€™t make me cry feel so alive with my wide open
