The Big Pink

I know you will
Find a place to run
I know you will
Become a distant one
When you disappear
Please leave your shadow here
To fill this empty room
For one last dance when you feel I'm ready77 ways to say no
77 ways to say no
77 ways to say no
77 ways to say noYou are my hero
My brother and my good friend
Now I've been bleeding
For three and a half years
You left such an impression on me
Left on the debris
Now I'm all f*cked up
And sometimes I forget I miss youI wish I had, I wish I had
77 ways to say no
77 ways to say no
77 ways to say no
77 ways to say no77 ways to say no
77 ways to say no
77 ways to say no
77 ways to say no
77 ways to say no
77 ways to say no
77 ways to say no
77 ways to say no
