

I Luh God

Erica Campbell

I Luh God
You don't luh God?
What's wrong with chu? [x2]I don't think I could live no other way
Truth be told, I'm living how I wanna, aye
Nah, this ain't no blessings in the modern day
The Lord I serve, He gives them to me everyday
I'm forgiven, I'm forgiven
See I done been forgiven, now I'm living
And when I say I love, I mean it
Cuz none of this means nothing if He comes and I miss HimI luh God
You don't luh God?
What's wrong with chu? [x2]I love Him, I love Him
Love Him, Love HimYou ain't got the money moving by yourself
And you know you did it with a lot of help
You know it's only one, it ain't nobody else
You got me talking strong
And I ain't rich, I'm talking wealth
See I'm forgiven, I'm forgiven
See I done been forgiven, now I'm living
And when I say I love, I mean it
Cuz none of this means nothing if He comes and I miss Him shawtyI luh God
You don't luh God?
What's wrong with chu? [x2]I love Him, I love Him
Love Him, Love HimWanted you to fall
You remember? I do, I do
You could've lost it all
You remember? I do, I do
Now what could you fill you up?
Ooh we got you covered
Protect us from it all,
that's what makes me love Him
I don't need a reason
To fall on my knees and
Tell Him how I feel in my heart
And let Him knowI luh God
You don't luh God?
What's wrong with chu? [x2]I love Him, I love Him
Love Him, Love Him
