

Love Is All Around (David May Mix)

DJ Bobo

Love is all around, love is all around, love is all around.
Love is all around, everywhere you look; love is all around!
See it in the eyes of a mother and her child,
See it in the eyes of a friend;
Love is all around, love is all around, love is all around!Rap 1 + 3:My heart's starts boom, my arms feels weak,
My head is exploding everyday of the week,
I can't eat, I can't sleep,
'cause your body's so sweet,
Put your hand to my heart, then you feel the beat,
You're the wonderful girl with that sexual healing,
When I hold your hand, then I get this feeling,
You're the only one; feel so proud,
Sweet, sweet girl, your love is all around.Rap 2:
