## GLOWINTHEDARK

[Verse 1]

Being alone I staying where I found that,  
Where do I always take to walk the wrong path.  
I feels like the only way you scaring.  
Fucked up one night love us.

Through another bottle of a champagne,  
I drinking like "honest" is my last name,  
I feels like the only way you scaring.  
Fucked up one night love us.

[Pre Chorus] x2

So take another one,  
Untill I hit the ground for about  
I know it to be found now,  
I know it to be found now.

[Chorus]

I'm drinking all night!  
'till them wasted... 'till them wasted... all night  
'till them wasted... 'till them wasted... all night  
'till them wasted... 'till them wasted...  
'till them wasted... 'till them wasted...  
I'm drinking all night!

[Verse 2]

Are my wallets almost empty? - Yeah!  
But not of this gonna stop me?- No!  
I got dreams in my pocket? - All!  
And all I know.

[Pre Chorus]

[Chorus]

[Verse 3] x2

Got addicted to the strangest feelings,  
Voices in my head I speaking.  
I know they like me seeing

Coming back to life.
