

# God Save the Spleen

## Freak Kitchen

Look out gringo!  
Here I come now  
Priority lane Me white person  
White male person  
Top of the food chain God save the spleen  
And Shangai surgery  
God save the spleen  
Your kidney belongs to me No moral issues  
It's you or me, dude  
Whistle the organ transplant song  
Your government sanctions  
Are far beyond tiptop  
Is this liver Falun Gong? From the pharynx and larynx  
To your Johnson and your skin  
A million Taiwan dollars  
Say you can't win God save the spleen  
And Shangai surgery  
God save the spleen  
Your kidney belongs to me Second grade citizens, prisoners and activists  
Sure as hell won't case me any sleepless nights  
Your anatomy fits perfectly  
Fuck violations of human rights  
Do not hit the waist  
The stuff inside is useful!  
Be careful with the waist  
The stuff inside is useful!  
Do not hit the waist! It's harvest time!  
It's harvest time!  
Harvest time!
