Lose Control

The Courteeners

Lately I've been going through
One or two things that would make
The nurses on the ward turn blue
Rabbit in the headlights
With no place else to go
Can you pinpoint the place
Where you lost control?Where did you lose control?You looked amazing, radiant like the sun
I was holed up in the hall of holes
Hiding from everyone
If I dry up then I'll come back drowned
Welcome to this townWhere did you lose control?Rabbit in the headlights
With no place else to go
Can you pinpoint the place
Where you lost control?Where did you lose control?
