

If I Only Knew

Ozark Mountain Daredevils

If I only knew what wakes me
If I only knew then I would be outside walkin'
Through the morning dew with you
It shouldn't be too far
It shouldn't be far away, away, away
If I only knew which road went where
If I only knew then I would be outside walkin'
Through the morning air with you
It shouldn't be too hard
It shouldn't be hard to see, to see, to see
Hey you, put some funny looking clothes
On me too, then we can run around
And show our happy glow
If I only knew what it would take
If I only knew, then I wouldn't make
The same mistakes that I usually do with you
It shouldn't be too hard
It shouldn't be hard to do, to do, to do, to do
