Get the Message (DNA Groove Mix)

Electronic

I've always thought of you as my brick wall
Built like an angel, six feet tall
Six feet tallAnd when you go away, I start to weep
You're too expensive girl to keep
Isn't it sweet?I don't know where to begin, living in sin
How can we talk?
Look where you've beenI've counted the nights of living in sin
How can we talk?
Look where we've beenTake my independent point of view
I've loosened my wallet, thanks to you
Don't do me any favorsHark, the herald angels sting
Please repair my broken wing
Why won't you look at me?
I live and breatheI don't know where to begin, living in sin
How can we talk?
Look where you've beenI've counted the nights of living in sin
How can we talk?
Look where we've beenI don't know where to begin, living in sin
How can we talk?
Look where you've beenI've counted the nights of living in sin
How can we talk?
Look where we've beenYou can make it all the time, to live or die, oh yeah
You can make it all the time, [Incomprehensible]Blame it on appearance
It might seem
A shame that we're
Not you or me
