Fly Fly Fishing Poles

Spymob

The beltway around Des Moines
Completed in record time
Dedicated anniversary
Of four lanes crossing our state lineHot sun all day
Brightens local water holes
I've got three days off from my regular job
Just let my mind go wanderingFly, fly, fly, fly, fishing poles
Paddle boats pull up close
To the band shell on the shoreline
Test the water with your toesBeltway surrounds Des Moines
It got me here in record time
No more use for the side streets now
It's just a twenty minute rideHot sun all day
Glassy surface, water bowl
No luck, not even bites today
Instead my mind goes wanderingFly, fly, fly, fly, fishing poles
Paddle boats pull up close
To the band shell on the shoreline
Test the water with your toes
To the band shell on the shorelineThe beltway loops around Des Moines
Forms a perfect oval shape
Forty six miles from start to end
Pilots often point it out from planesThere goes one now
Trails across a cloudless sky
Oh, look straight down
At the silver, gleaming metro eggFly, fly, fly, fly, fishing poles
Paddle boats pull up close
To the band shell on the shoreline
Test the water with your toesTo the band shell on the shoreline
To the band shell on the shoreline
To the band shell on the shoreline
