Try a Little Tenderness

Jimmy Durante

In the hustle of today
We're all inclined to miss
Little things that mean so much
A word, a smile, a kiss
When a woman loves a man
He's a hero in her eyes
And a hero he can always be
If he'll just realizeShe may be weary
Women do get weay
Wearing the same shabby dress
And when she's weary
Try a little tendernessYou know she's waiting
Just anticipating
Things she may never possess
But while she's without 'em
Try a little tendernessIt's not just sentimental
She has her grief and care
And a word that's soft and gentle
Makes it easier to bearYou won't regret it
Women don't forget it
Love is their whole happiness
It's all so easy
Try a little tendernessYou won't regret it
Women don't forget it
Love is their whole happiness
It's all so easy
Try a little tenderness
