Sole Survivor

Underworld

There is a heart alive somewhere there is a heart in the heart of a city there is a beat a beating heart come with me now I want to find it money, pressure, desperation monkey on the back beaten to submission anxiety attack working for survival with one eye on the clock the faces on the underground are in a state of at the bottom of a shaft at the

bottom of a mine shaft there is a sole survivor at the bottom of a shaft at the bottom of a mine shaft a long distance driver there is a beat that is still alive but it's HARD to find in the heart of the city we move around in the underground in our endless grey we can ignore each other all day!
