Stay Gold

Horror Show

Friends came and went,
They always have.
Some at my side,
They never left the fights,
The drinks, the youth..
They've passed, still in my heart.
Always thinking back
Reminicse the arguments,
The innocence days grew cold,
They always do
...stay gold...
I'll see you soon
They've gone but not for long
This is my ode.
To the kids, who fought side by side
To the kids, who would talk and stay up all night.
To the kids, who made up our lives
To the kids, who fought and lost to time...
I'LL SEE YOU SOON
