

You've Got That Something

Robyn

You've got that something
You've got that something
Look at me here I am
I'm giving all of my lovin' every day of my life to you
All you see can be yours
If you show me you want me and just one little hint could do
And I know I give too much
And there is much that I sacrifice
But I've got all the reasons
When I look into your eyes
I know I love you even though I shouldn't
And you should know I've tried to stop, but
But you've got that somethin'
Somethin' I can't describe
Gives me that feelin'
It gives me that freaky vibe
You've got that something
That makes me feel so fine
Makes it worth waiting
Until the day that you will be mine, all mine
You decide, take your time
I just want you to know that I'll always be here for you
My friends keep tellin' me you've gotta let go
They say that I'm too good for you and maybe that is true
But I just keep on lovin' you the way I did before
And you should know I've tried to stop
But you've got that somethin'
Somethin' I can't describe
Gives me that feelin'
It gives me that freaky vibe
You've got that something
That makes me feel so fine
Makes it worth waiting
Until the day that you will be mine
You've got that something
Something so hard to find
And it keeps bugging me
And I can't get you out of my mind
Oh no, no no, no

Come on, hey
Hey you
You give me that feelin' baby
That feelin' baby, that freaky, freaky feelin' baby
Vibe, vibe, vibe, so there's you where I gain
'Cause you've got that something
Somethin' I can't describe
Gives me that feelin'
It gives me that freaky vibe, vibe
You've got that something
That makes me feel so fine
Makes it worth waiting
Until the day that you will be mine
You've got that something
Something so hard to find
And it keeps bugging me
And I can't get you out of my mind
Oh no, no no, no
Baby, baby, baby
