

Ain't Goin Nowhere

Devin the Dude

If it was a secret
I couldn't keep from U
U know as well I do
2 keep my feelings 2 myself
I tried 2
But what's the Use,
when U know Me
U tried 2 show me something different
I wasn't with the roses & the rhythms
& U came
& U changed Me a lil bit
But when U left
It all felt like some bullshit
I had 2 pull it 2gether
You had your reasons though
& other things in the game
that I didn't even know
& even though there is a lot
of shit I want 2 forget
All in all
Yo. I have NO regret's
& I glad what We had was Real
Just in case U wanted 2 know
how I feel!

U don't have 2 ask me Babe
U know I still care
Don't have 2 walk past Me, Babe
Like I ain't there
U don't have 2 ask yourself
U know just how I feel
My Love ain't going no where

Who's right ?
Who's wrong?
when the night is long?
Fussin & cussin
& the fight is on!
Use weapon of words

Not thinking that Heaven heard us!
Kinda nervous up in Sunday service!
& then We make amends
& we friends again
It's only right
That we stay tight than the
the skin I'm in
& even if we not together
& We are miles apart
just hearing Your voice brings a smile 2 my heart

Now let me stop b4 I go 2 far
& start thinking Of your touch
my nature Rise,
get a tingle in my nutts
& yep
I want 2 make Love still
Just in case U wanted 2 know
How I feel! How I feel!

U don't have 2 ask me Babe
U know I still care
Don't have 2 walk past Me, Babe
Like I ain't there
U don't have 2 ask yourself
U know just how I feel
My Love ain't going no where

No easy problem solved
Isn't wasn't all
Peaches & cream
Through out the process
I thought I could teach U some things
Since I am a Veteran of the game
& I been up 2 bat a few
but I retired My jersey
just 2 flatter U
& shattered U with empty promises
that I couldn't keep
as soon as I went 2 sleep
U started 2 creep
U had your girls night out
I didn't try 2 regulate
But I couldn't help but 2 speculate
& try 2 catch a date
Looking back

Itâ€™s all cool just A lesson
In fact to go thru it, was a blessing
& If I had the chance 2 do it over again
I will
Just in case U wanted 2 know how I feel!

U donâ€™t have 2 ask me Babe
U know I still care
Donâ€™t have 2 walk past Me, Babe
Like I ainâ€™t there
U donâ€™t have 2 ask yourself
U know just how I feel
My Love ainâ€™t going no where

(xâ€™s3) till ending!
