

# Hold On

## Slaughter

Now that the party's over  
My head spins round and round  
I'm gonna get my feet back on the ground, yeah I know that you are out there somewhere  
Thinkin' 'bout what we've done  
'Cause I'm wonderin' where your heart is  
This feelin' can't be wrong Hold on, baby, hold on  
I can't go on, baby, without you  
Hold on, baby, hold on  
After all that we've been through  
I can't go on, baby, without you  
Hold on, baby, hold on You were alright You said that we were special  
Like no other kind  
I can't believe what  
We both left behind, yeah, yeah I wish that we could be together  
I just can't let go  
'Cause I love you more than ever  
More than you'll even know Hold on, baby, hold on  
I can't go on, baby, without you  
Hold on, baby, hold on  
After all that we've been through  
I can't go on, baby, without you  
Hold on, baby, hold on Tossing, turning  
Dreaming of you  
Everyday of my life Hold on, hold on  
You wanna hold on  
Yeah, yeah, yeah, yeah  
Yeah, yeah, yeah Oh, baby, hold on  
I can't go on, baby, without you  
Hold on, baby, hold on  
After all that we have been through, yeah Hold on, baby, hold on  
I can't go on, baby, without you  
Hold on, baby, hold on  
Hold on, baby, I'll be there Hold on, hold on, hold on  
Oh yeah, hold on, yeah  
Baby, hold on
