

Tenant Enemy #1

Dropkick Murphys

Well it's always been about big money for them
They're greedy and they reek soaring profits, big gains
The cash accumulation gains is all these cowards seek
And they always find a way to kick out the needy
Tenant enemy number one
Through excuses and blatant lies is how they operate
And by continuing a parade of deception
The game just continues
How in the name of decency do they sleep?
Tenant enemy number one
Tenant enemy number one
Tenant enemy number one
Tenant enemy number one
Tenant enemy number one
Tenant enemy number one
Tenant enemy number one
Tenant enemy number one
