

Forever In My Heart

Lara George

Not so long ago I did loved and lost...
Then I met you I knew that life will change
Cause on that moment my heart beats again
Thou it is hard for anyone to know and believe what is deep within, I did what I am supposed to since that is
only matter that I know I am real & true.

That forever in my heart my love for you
will remain as my inspiration since it is a
blessing, a gift from GOD that I have always
wished for someday. Never thought that I will love again, only to learn that you are not there to feel the same...
It hurts me more than you will ever know cause with every pain and hardship you are going through...I am
always with you and never gave up on the love that I have for you.
When I am gone do not be sad, for in spirit forever my heart will always remain with you Forgive me with all
the honest mistakes I have done, for not being who you need me to be yet one thing I know for sure is that I love
you and that forever in my heart I keep.
