The Way She Dances

N*E*R*D

Unzip your skirt, take off your blouse
I hope your toes are painted
'Cause you gone dance in your undies
All over the house
When your eyes are closed
I hope, I'm the man you see
The man you see
'Cause if not, I want you to know
Tonight I plan to be
Is this for me? Ho!
Slow motion like a dream
But real time is what it seems
I love the way she dance
Slow motion like a dream
But real time is what it seems
I love the way she dance
See I love the way she dance
Girl, I love the way you dance
Yeah, I am in your aquarium
Are you a mermaid or something?
Is it possible to marry one?
Big tits, fat ass and turquoise skin
When your eyes are closed
I hope I'm the man you see
The man you see
'Cause if not, I want you to know
Tonight I plan to be
Is this for me? Ho!
Slow motion like a dream
But real time is what it seems
I love the way she dance
Slow motion like a dream
But real time is what it seems
I love the way she dance
See I love the way she dance
Girl, I love the way you dance
Yeah, calling all cars, please arrest her
She's a criminal in my dreams
She just stole my heart

It's an A.P.B
Slow motion like a dream
But real time is what it seems
I love the way she dance
Slow motion like a dream
But real time is what it seems
I love the way she dance
See I love the way she dance
Girl, I love the way you dance
Yeah, kissing you, kissing me, it's Euphoria
Remission two, remission three
It's kissing four of ya
(When sparks fly, sparks fly)
I think that's love
(When sparks fly, sparks fly)
Don't you think?
Close your eyes, hold my hand
Concentration, no destination
Just dance on constellations
(When sparks fly, sparks fly)
I think that's love
(When sparks fly, sparks fly)
Don't you think?
Excuse me
But girl come with me
See you and I can be each other's company
Can't you see?
(When sparks fly, sparks fly)
I think that's love
(When sparks fly, sparks fly)
What you think?
