

# People Say (Acoustic)

## Portugal. The Man

Save me, I can't be saved  
I won't  
I'm a president's son  
I don't need no soul All the soldiers say  
It'll be alright  
We may make it through the war  
If we make it through the night  
All the people, they say:  
What a lovely day, yeah, we won the war  
May have lost a million men, but we've got a million more  
All the people, they say. Share with me all of your pain  
I won't  
Share your love  
I need all your love All the soldiers say  
"It'll be alright,  
We may make it through the war  
If we make it through the night  
All the people, they say  
"what a lovely day, yeah, we won the war  
May have lost a million men, but we've got a million more  
All the people, they say. Save me, I can't be saved  
I won't  
I don't need no love  
I'm a president's son All the soldiers say  
It'll be alright,  
We may make it through the war  
If we make it through the night  
All the people, they say:  
What a lovely day, yeah, we won the war.  
May have lost a million men, but we've got a million more  
All the people, they say It'll be alright, It'll be alright  
It'll be right now  
It'll be alright, It'll be alright  
It'll be right now It'll be alright, It'll be alright  
It'll be right now  
All the people, they say
