Misunderstood

Robbie Williams

Tryin' to be misunderstood But it doesn't do me any good Love the way they smiled at me Held their face for eternity Now let them all fly offWhen it comes down It all comes down And you will not be found When it's over, it's all over Even if I make a soundI'll be misunderstood By the beautiful and good in this city None of it was planned Take me by the hand Just don't try and understandTryin' to be misunderstood Just a product of my childhood And still I find myself outside You can't say, I haven't tried Perhaps I tried too hardNo excuses, won't apologize Or justify your lies Come find me, tell them to me Look me in the eyesI'll be misunderstood By the beautiful and good in this city None of this was planned Take me by the hand Just don't try and understandCan't forgive, sorry to say You don't know, you're guilty anyway Isn't it funny how we don't speak The language of love?
