

Union City Blue (Single Version)

Blondie

Oh, oh, what are we gonna do?
Union, Union, Union City blue
Tunnel to the other side
It becomes daylight
I say he's mine Oh power, passion plays a double hand
Union, Union Union City man
Arrive, climb up four flights
To the orange side
Rearrange my mind
In turquoise Union, Union, Union City blue
Skyline, passion, Union City blue Power, passion plays a double hand
Union, Union, Union City man
I say he's mine
I have a plan
I say he's my Union City man Oh, oh, what are we gonna do?
Union, Union, Union City blue Oh, oh, what are we gonna do?
Union, Union, Union City blue Oh, oh, what are we gonna do?
