

Shut Your Mouth (Live In Paris, March 2009)

Pain

The only thing I ever wanted
The only thing I ever needed
Is my own way, I gotta have it all I don't want your opinion, I don't need your ideas
Stay the fuck out of my face, stay away from me
I am my own God, I do as I please Just wipe your own ass and shut your mouth I had enough and you're going
down
Shut your mouth
What comes around you know goes around My mind is playing tricks on me
I am not as stable as I used to be
Pushed and shoved, you know you're going too far I will not break my back for you no more
I am gonna go my way, I am gonna take control
Time to wake up and dig myself out of this hell Just wipe your own ass and shut your mouth I had enough and
you're going down
Shut your mouth
What comes around you know goes around
Shut your mouth You're getting what your ego deserves
Shut your mouth
What comes around you know goes around Shut your mouth I had enough and you're going down
Shut your mouth
What comes around you know goes around Shut your mouth, shut your mouth, shut your mouth
