

# Manta Ray

## Pixies

All in a day, all for me  
Trek across the space  
It'll be just like they say  
Ooh, ooh, ooh, ooh, yeah Since I am told, month number three  
He has no memory  
Of fliers in the night  
Ooh, ooh, ooh, ooh, yeah They went away, they went away  
My manta ray is all right, my manta ray is all right  
My manta ray is all right, my manta ray is all right Police they say my mother too  
A fish from ocean blue  
Above my head that night  
Ooh, ooh, ooh, ooh, yeah They is a way, they is a way  
My manta ray is all right, my manta ray is all right  
My manta ray is all right, my manta ray is all right
