## **Manta Ray**

## **Pixies**

All in a day, all for me

Trek across the space

It'll be just like they say

Ooh, ooh, ooh, ooh, yeahSince I am told, month number three

He has no memory

Of fliers in the night

Ooh, ooh, ooh, ooh, yeahThey went away, they went away

My manta ray is all right, my manta ray is all right

My manta ray is all right, my manta ray is all rightPolice they say my mother too

A fish from ocean blue

Above my head that night

Ooh, ooh, ooh, ooh, yeahThey is a way, they is a way

My manta ray is all right, my manta ray is all right

My manta ray is all right, my manta ray is all right
