

# Rockstar

## Jimmy Eat World

Where you're hiding, the shine off the wall.  
Stop giving it up now  
Cause you're gonna find yourself a mastermind in time.  
Rockstar, what's mine is yours.  
Rockstar, you're looking good.  
You're looking to find a fight.  
I'm the stranger here you know.  
Can't you understand that things always work out my way today.  
Rockstar, what's mine is yours.  
Rockstar, you're looking good.  
You're looking to find a fight.  
Rockstar. Rockstar.  
Get off my battlefield.  
You could not take it back from me.  
It's all the way up top.  
Cannot take a longer way.  
Get off my battlefield.  
Could not take it back from you.  
It's all the way up top.  
Cannot take a longer way.  
That's all.  
It's all.  
Can't fall away.  
Back.
