

# Be with You (feat. Lucy)

## Mondays

You gotta listen up, listen up  
There's not a thing that I can't get from you  
Boy I don't need that much need that much  
How can I tell you what I wanna do? I never needed you to give me things  
I never needed gifts or diamond rings  
All I ever need I, need I  
All I ever need is here with you Baby there's a this place were we can go  
Where it's always shining like the snow  
Listen to your heart beat don't you know  
That I just wanna be with you?  
Baby there's a place were we can go  
Where it's always shining like the snow  
Listen to your heart beat don't you know  
That I just wanna be with you?  
Oh, oh Oh, I can't get enough, get enough  
Don't ever let me be away from you  
I'm gonna hold you tight, hold you tight  
Cuz your the only thing I can't lose I never needed you to give me things  
I never needed gifts or diamond rings  
All I ever need I, need I  
All I ever need is here with you Baby there's a place were we can go  
Where it's always shining like the snow  
Listen to your heart beat don't you know  
That I just wanna be with you?  
Baby there's a place were we can go  
Where it's always shining like the snow  
Listen to your heart beat don't you know  
That I just wanna be with you?  
You can't buy your way into my heart  
But you don't see that I just want you  
You get me things  
But I don't care Baby there's a place were we can go  
Where it's always shining like the snow  
Listen to your heart beat don't you know  
That I just wanna be with you?  
Baby there's a place were we can go  
Where it's always shining like the snow  
Listen to your heart beat don't you know  
That I just wanna be with you?
