

Beware Wolf

Gyroscope

Focus on me baby.
Way to flood my headspace (I'd kill for you)
I know I kept you waiting (I'd wait for you)
Oh. I'd kill for you
You're keeping up such a good pace (I'll keep to you)
Sucks you kept me waiting (I'll creep to you)Ohhh I'd kill for you
Whooooowooo i'll kill for you
whooooowooo i'll kill for you
whooooowooo i'll kill for youIf you run, you know that I'll give chase
But the chances are you'd lose me
I hate that and hate that
I'd kill for you
Way to flood my headspace (I'd kill for you)
I know I kept you waiting (I'd wait for you)Oh. I'd kill for you
Whooooowooo i'll kill for you
whooooowooo i'll kill for you
whooooowooo i'll kill for youI know I kept ya waiting
Sucks I kept ya waiting
A lack of Inspiration breeds temptation
Really, I swear, I will try
Inspiration breeds temptation
Really, I swear, I will tryWay to flood my head space
Way to flood my head spaceWhooooowooo i'll kill for you
whooooowooo i'll kill for you
whooooowooo i'll kill for you (for you)I'll kill for you
Whooooowooo i'll kill for you
whooooowooo i'll kill for you
whooooowooo i'll kill for you
