Ready For Love

Jon Secada

Moments, comments
Then one thing that you said
Did it again
Turned our world upside down again
I surprised you, I surprised myself
Is this what we need?
I don't wanna stop
(I can do this, I am ready I know I can do this)
I don't really wanna stop this
(I can love you like no other, I can)
Ready for love, I feel fine
I feel just fine, ready for love
Rebounded, founded
What I hope is missing in me
I'll admit this is new to me
Did I catch you at a bad time?
Do I ask too much?

I don't wanna stop
(I can do this, I am ready I know I can do this)
I don't really wanna stop this
(I can love you like no other, I can)
Ready for love, I feel fine
I feel just fine, ready for love
I surprised you, I surprised myself
Is this what we need?
I don't wanna stop
(I can do this, I am ready I know I can do this)
I don't really wanna stop this
(I can love you like no other, I can)
I feel fine
(Ready for love)
I feel just fine
(Ready for love)
