

Less Than Perfect

Culture Club

I know a song ain't good enough
To let you know how I feel
I'll sing it hard, I'll sing it sweet
To let you know that it's real If I change my attitude
Maybe I can conquer you completely
All the things I say and do
Everything I learn from you defeats me And I let you down
I let you down
I let you down
I let you down I know it's wrong to blame the past
For everything that I do
I fool the world most of the time
But there's no fooling you If I change my attitude
Maybe I can conquer you completely
Everything I say and do
All the things I learn from you defeat me And I let you down
I let you down What you see ain't always what you get
No matter how clear it seems
One minute lovers, then the next Oh oh no
Oh no
Let you down I let you down, yeah yeah
I let you down
I let you down
I let you down
I let you down I let you down
Let you down
Let you down
