

Come Home to Me

Ernie Halter

Come home to me
Come home to me
Back into my arms
home where you belong
 come home to me
 come home to me
 if home is where you are
then home is way too far away
 the tv light of blue and white
 i just can't fall asleep
 and i move over to a space
 where you should be
 even halfway seems so far
 over mountains and diamond stars
and everybody has their own way home

 so
 come home to me
 come home to me
home where you belong back into my arms
 come home to me
 come home to me
 if home is where you are
then home is way too far away

all my life ive dreamed of love never thought it would hurt this much to kiss goodbye and wait for your return
so i'll be strong and hold on to the picture and the thought of you
 getting all the love that you deserve
 come home to me
 come home to me
 back into my arms
home where you belong come
 home to me
 come home to me
 if home is where you are
then home is way too far away
 if home is where you are
then home is way too far away
