

Can't Live Without You

[Justin Bieber](#)

I just sit here, waiting for you to call
And then I wonder, if you're even calling at all
So many thoughts in my mind
Wishing you could be here all the timeCause I'm lost without you
And I can't just doubt you
And it's everything about you,
I just can't live without you (x2)I'm still sitting here waiting for much more (Text me or something)
I can't take this, I'm walking out that door
So many thoughts in my mind
Wishing you could be here all the timeCause I'm lost without you
And I can't just doubt you
And it's everything about you,
I just can't live without you (x2)I'm breathing in, I'm breathing out
Being with you is just no doubt
I'm going crazy and there's nothing I should do
I can't, can't live without youI pack up my things and get on that plane
Cause without you I can't be tamed
So many thoughts in my mind
Wishing you could be here all the timeCause I'm lost without you
And I can't just doubt you
And it's everything about you,
I just can't live without you (x2)I'm breathing in, I'm breathing out
Being with you is just no doubt
I'm going crazy and there's nothing I should do
I can't, can't live without youPlease girl stay with me
My heart is waiting for you
I can't take this no more
There's nothing I should doI'm breathing in, I'm breathing out
Being with you is just no doubt
I'm going crazy and there's nothing I should do
I can't, can't live without youCause I'm lost without you
And I can't just doubt you
And it's everything about you,
I just can't live without you
